55th Annual Conference of the German Society for Mass Spectrometry

March 10-13, 2024 |
Freising, Germany

dgms2024.de

WELCOME!

The TU Munich is proud to host the 55th Annual Conference of the German Mass Spectrometry Society (DGMS) from 10.-13.03.2024 at the TUM Campus in Freising-Weihenstephan.

The organizing committee has put together an exciting program that brings together mass spectrometry enthusiasts from many disciplines and communities - from physics to chemistry, the life sciences and informatics – from academia to industry – from vendors to developers to users – from newcomers to seasoned experts – from Germany, Europe and the world.

The DGMS conference has a very long and successful history and the ability to offer an exciting program has always relied on the help of vendors, particularly in order to keep registration fees manageable for PhD students and postdocs.

We are reaching out to you with the hope that your company will help making DGMS 2024 another success. Please find our sponsoring opportunities attached. Many of you have supported the meeting many times and we are very grateful for this continued commitment. We are also reaching out to new colleagues for the first time and hope that participation in the conference will be valuable for your science, your business and your employees too.

As you are building your 2024 budgets, we kindly ask to consider sponsoring DGMS 2024 and we thank you for your generosity. We would greatly appreciate your response by sending an email to dgms2024@ls.tum.de and jutta.vach@conventus.de

On behalf of the organizing committee at the TU Munich and with very best wishes

Prof. Dr. Bernhard Küster, TU Munich

Prof. Dr. Corinna Dawid, TU Munich

DGMS 2024 Organizing Team

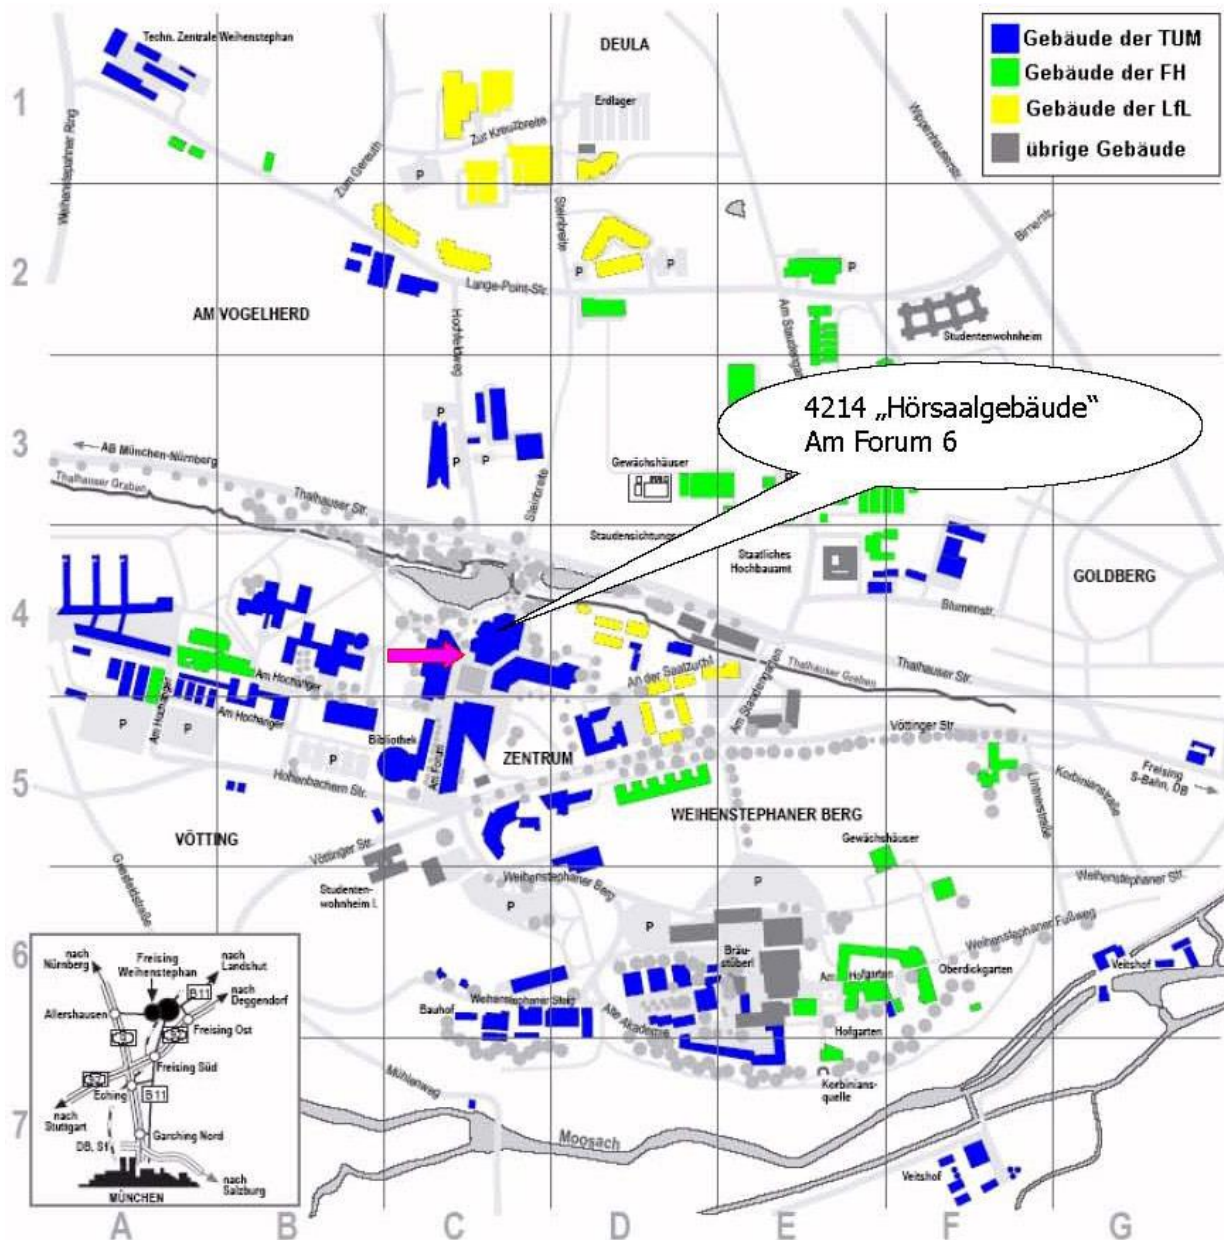

LOCAL ORGANIZING TEAM:

Katharina Eiseler • Timo Stark • Michael Gigl •
